PICO ASSIGNMENT RUBRIC PART B

PART B	Value	Grade
1. Title page	1	1
2. Based on the research, writes a paper outlining the answer to your PICO question.		
a. An introduction is included which contains:		
- An engaging topic sentence	1	0
- A clear and concise thesis statement	2	0
- The topic introduced in a concise and engaging manner	2	2
- Background about the topic is provided	2	2
b. Body paragraphs (3 or more) include:		
- A topic sentence for each paragraph	3	3
- Information included in each paragraph relates to the thesis and the main idea(s) of the paragraph/no repetition of ideas or concepts	5	4
- Incorporates significant findings from each research article, ensuring no new information is introduced	5	5
- Relevant, current, accurate and adequate supporting evidence for each main idea	5	4
c. Conclusion is included which:		
- Brings closure to the entire paper	1	1
- Communicates why the paper was meaningful or useful	1	1
- Synthesizes main points (rather than just repeating them) -	1	1
- Includes no new information	1	1
- Provides clear recommendations using EBDM	1	1
- Demonstrates integrity (i.e., claims accurately reflect what is communicated in the body; does not exaggerate claims)	1	1
d. PICO Summary		
- Writes out the PICO question by including all elements	1	1
- Briefly discusses conclusions drawn from the research	2	2
- Summarizes the recommendations made to the client.	2	1
e. Mechanics		
- Free of grammatical errors	2	2
- Transitions that connect ideas	2	2
- Use of CADH Vancouver Citation Style		
▪ Reference page is submitted	1	1
▪ Appropriate use of in-text referencing	2	1
▪ Appropriately formatted reference page	1	1
TOTAL	45	38
Value to Grade (15%):		12.7

<i>Peer Assessment (5%):</i>	5
<i>Part B and Peer Assessment Total Grade (20%):</i>	88%

Comments: Good work. I like the organization and topics chosen to discuss. Areas to improve: there was no clear thesis statement and the body paragraphs should reflect the thesis. Some references used were very dated- try your best to use the most current research. Ex: did you know amalgam was banned in the UK? Could have been interesting to include those reasonings. Your PICO summary needs in text citations for question 2. This is the paper that goes to the client so they need to know where you got your information from. For question 3 on PICO summary it is your recommendations to the client based on what you found, so you could have made up the answers to your hypothetical client (i.e. she needed a 36MOD and is worried about mercury so we are recommending composite for aesthetics etc.) Something like that 😊
