

## Ethical Dilemma Assignment

: Megan Walbauer & Jaipreet Singh		
	<b>Mark Earned</b>	<b>Maximum Mark</b>
Originality: (scenario is original; not duplicated from CDHO website)	5	5
Spelling, grammar, and sentence structure	0	10
Structure and Coherence (paper is well organized and easy to follow, uses proper Vancouver style referencing, and contains a title page)	10	10
<b>Application of Ethical Decision-Making Model</b>		
<b>Step 1: Identify the problem</b> (identify in a preliminary way the nature or challenge of the problem)	5	5
<b>Step 2: Gather information</b> (discuss all relevant information including factual information; sequence of events; and <b>applicable policies, laws, regulations, and views of stakeholders</b> ) Please ensure you mention laws and regulations from the CDHO Standards of Practice, DHA-Professional Misconduct Regulation, RHPA, and any applicable chapters from the CDHO Registrants' Handbook (include in-text referencing to the documents and section number you found the information).	13.5	15
<b>Step 3: Clarify the problem</b> (clarify and elaborate the problem based on additional information obtained. Identify the ethical principles at stake)	7.5	10
<b>Step 4: Identify the options</b> (identify the various options for action)	7	10
<b>Step 5: Assess options</b> (analyse each option stated in step 4 providing the pros and cons for each)	9	10
<b>Step 6: Choose course of action</b> (Now that options have been identified and assessed, clearly state which option you chose and a brief justification for the decision)	5	5
<b>Step 7: Implement action</b> (provide details on how you went about implementing the course of action stated in step 6)	5	5
<b>Step 8: Evaluate outcomes</b> (In paragraph form, provide an analysis of your decision and evaluate likely potential outcomes of the decision, not just the outcome that you hope for. In addition, answer any two of the five questions asked in the Code of Ethics listed under step 8)	13	15
<b>Total</b>	80	100
<b>Value to final Grade (15%)</b>	12	

**Commented [MS1]:** How about accountability and veracity?

**Commented [MS2]:** The hygienist also has the option to do nothing and follow the orders of the dentist, or to quit.

Overall, you showed a solid understanding of the CDHO Ethical decision-making model. A lot of grammatical errors.
